

UN-SPONSORED CHILD OF DECEMBER 2011

*CDE061 MUHINDO LEYA*

Muhindo Leya was born on 15/07/2002. She lives with her father and mom in a small rented house in the outskirts of our town.

Leya's father and mother are peasants who migrated from the Democratic Republic of Congo because of war. They are struggling to settle in Uganda but it has not been easy. This has made it hard for them to send Leya and her siblings to school and to provide them with basic needs.

Her parents are peasants and they plant crops in small gardens that well-wishers give to them. They are also very committed preachers of the Gospel.

Leya is urgently in need of a sponsor, she is very prayerful and is waiting on God for one this month.

If God is speaking to you about her life, don't hesitate to contact our patron Rev. Jan Ninneman.

Choose to sponsor and release a child from poverty in the CDE program today.
