

CD8051 KABUGHO ESTHER

Esther Kabugho was born on 13/08/1996; she is one of the older girls in the CDE.

His father is poor man who has more than 10 wives. He abandoned his children. The girl now stay with a relative, her name is Night Gertrude.

She is still in Primary six because Night cannot afford to pay her fees. She only attends school if they sympathize with her; she has missed whole years out of school.

Being an older girl, she has seen your children getting sponsors and cries because she thinks no one is interested in her.

We registered Esther because of the great need; you can see the little huts in the background of the picture. This is her home.

She urgently needs someone to rescue her from this situation, she needs a parent who will love her and encourage her to go on.

If the Lord is speaking to you about her life please contact our patron Rev. Jan Ninneman; sponsoring this girl will be an open door for a blessing in your life.
